Issues and Concerns:

The committee met to review the Trustlands Plan. The committee read over the plan and approved the plan as written. Remaining balance of Trustlands money to be carried over is \$11,702.

The council decided to carry over the remaining Trustlands funding due to the state of the economy to ensure that there would be some money for next year. .

Because of the amount of money set aside for Stinger Academy, it requested by Lisa Chambers to have an evaluation done on Stinger Academy to find out how it is working and if there is anyway to improve it. The committee agreed. Jason said he would work on putting together a survey/evaluation for participants, parents and teachers for the 2010-2011 school year. He was also going to work at possibly devising a tracking system to follow the progress of the students who participate in the program.

Another meeting was not scheduled until fall of 2010 unless there was need to have a meeting before then.
