

The Community Council met on Mar. 22, 2010

In attendance were:

Karrie Vincent (Parent)
Meg Ferry (Parent)
Jason Sparks (Principal)
Scott Monson (Counselor)
Marsha Martz (Teacher)

Absent were:

Lisa Chambers (Parent)
Tonya Smoot (Parent)

Issues and Concerns:

Jason stated that Tonya Smoot called and asked to be excused from the meeting. He stated she did come in earlier so he could visit with her about the agenda for the meeting.

Jason handed out to each parent on the committee a copy of the accreditation binder. They were informed about the accreditation visit from the state that will be March 24 and 25. He invited them to come to a breakfast on Thursday, March 25 and meet with the accreditation team. Because some of the committee members were not on the council when some of the information was collected, the council reviewed the information in the binder and the roll the community council shared in the accreditation process.

Karrie Vincent shared with the Community Council the “Life Skills” workshop sponsored by the New Hope Crisis Center. It was decided that this would be a good means for students to make up lost citizenship credit.

The next meeting will be held as soon as the school has received a dollar figure from the district to identify the budget for the next school year.
